

# iSolved: Streamlining Labor Law Compliance with PosterElite

Rachel Barr from iSolved shares how partnering with PosterElite has transformed their labor law compliance offerings for both physical worksites and remote workers.

*“Working with PosterElite is a breeze!” Rachel exclaims. “Their pay-as-you-go labor law poster update services help our clients stay current with frequently changing requirements.”*

## Key Benefits:

-  Competitive positioning in the market.
-  Increased client retention and satisfaction.
-  Improved operational efficiency.
-  Comprehensive compliance solution for physical and remote workers.

## Client Impact:

- 9,000 out of 40,000 clients offered labor law poster services.
- E-Update Service for physical worksites.
- ePosterCenter for remote workers and New York-based clients

*Rachel emphasizes, “PosterElite’s ePosterCenter provides digital access to required labor law postings via an always up-to-date, comprehensive library.”*

## Partnership Overview:

iSolved now confidently offers PosterElite’s services to their HR Services clients, ensuring compliance across various work environments.

## Rachel’s Verdict:

*“The pay-as-you-go subscription, ease of use, private labeling, and comprehensive turnkey solution for remote workers stand out as key aspects of being a PosterElite partner. We would recommend PosterElite for their comprehensive compliance solution, wholesale pricing, branding, and amazing customer support!”*

## About iSolved:

iSolved (formerly known as iSolved People Cloud and Dominion Payroll) is a cloud-based human capital management (HCM) platform that integrates payroll, HR, time tracking, benefits administration, and compliance tools into one adaptive, highly customizable system used by businesses across the U.S.. Through a strategic partnership with PosterElite, iSolved now offers its HR Services clients robust labor law compliance solutions—featuring both physical E-Update posters and digital ePosterCenter access—to support onsite and remote employees seamlessly, and has rolled these services out to more than 9,000 clients.
